

IN-CAB NAVIGATION

COPILOT TRUCK

Precision from Point A to Point B.

Give your drivers a reliable, customizable onboard solution to make the most of their long haul performance: In-Cab Navigation powered by ALK Technologies' CoPilot Truck Version 9. Voice-guided GPS navigation with industry-standard PC*MILER truck-specific routing helps drivers go from dock-to-dock fast, and from mile-to-mile safely and efficiently. And synergy between PC*MILER in the back office and CoPilot Truck in the cab, results in matching route generation.

- Reduces out-of-route miles, saving time and cutting fuel costs
- Reduces risk of costly bridge strikes and collisions
- Increases driver efficiency and compliance
- Improves on-time performance and customer service

COPILOT TRUCK™

EFFICIENCY, TURN-BY-TURN.

Increase safety and compliance. Reduce out-of-route miles. Cut fuel costs. And improve customer satisfaction. The sophisticated route optimization options and advanced navigation features of CoPilot Truck Version 9 mean your drivers stay on-time, on-route and on-focus. Our solution automatically calculates routes based on truck-specific map data, providing safe and reliable routes for optimal navigational performance.

- An interactive, easy-to-use interface with 2D, 3D and Driver Safety views
- Safe, accurate and truck-legal spoken turn-by-turn navigation
- Clear guidance at complex intersections with Lane Assist and CoPilot ClearTurn™
- Up-to-date street-level ALK Maps of the U.S. and Canada
- Load-specific routing including 30 different Hazmat Categories
- Automated Workflow integration ensures accurate destinations for routing
- Fast, automatic re-route calculation if you miss a turn or go off-route
- Automatically avoid truck-restricted routes using customizable vehicle profiles and guidance settings
- Provides over 7 million truck-specific Points of Interest (POIs)
- Truck-specific map data with over 3.52 million commercial truck restrictions and allowances
- Customizable Points of Interest and Avoid/Favorable Roads
- In-Cab speed alerts to notify drivers when driving over posted speed limits
